Conduct, Odds, Notification

The odds of winning a prize depends on the number of eligible entries received. Eighteen winners will be randomly drawn from a cumulative pool of entries February 7, 2022 through February 10, 2022.

If the winner is not an eligible (or responsive) recipient, the prize will be given to another randomly drawn entrant until eligible recipients have been awarded all the prizes. All entry records will be assigned a number and the winners will be randomly chosen by a computer drawing from the list of numbers assigned to the submissions.

Each winner will be notified by telephone with the information available with the mode of entry. Any winner notification returned as undeliverable will result in sweepstake forfeiture and an alternative winner may be selected.

The grand prize winner will be drawn and contacted to verify that they are willing and able to pay the tax, title, license, and all other fees and taxes applicable to receive the prize. If the winner is unwilling or unable to pay the necessary taxes and fees, their name will go back into the pool of entries. Names will be drawn until an eligible and qualified grand prize winner is found.
